July 21, 2009

Dear Long Island Swim School Families,

Over the past 30 years Long Island Swim School has been providing quality swim instruction for Long Island children. Throughout this time we have been in many locations although never one that was completely our own. We are very excited to announce that Long Island Swim School will be moving into our own facility. Our new lesson pool will be just a short distance from the Omni, in Garden City, on Stewart Avenue behind Ethan Allen and Hampton Appliances.

The new facility's main purpose will be for swim school and stroke clinic classes. It will offer many improvements and amenities that our current location does not. Family friendly locker rooms, more viewing space for parents, and easy access to parking, will all be part of a brighter, more welcoming environment.

As you may have noticed the Omni building is in need of, and is currently undergoing some serious repairs. We have recently been informed that the pool will be closing indefinitely beginning August 1<sup>st</sup>. Unfortunately we have not been able to secure another pool to run our lessons in for the next few months. We do plan to begin construction on our new lessons facility this fall with a projected opening date in January or February 2010. As soon as we are able to open the new pool we will do so.

For continuous updates about our progress and information regarding our first sessions in the new pool, please continue to check back with our website throughout the fall.

Long Island Swim School thanks you for your continued support as we begin what we hope will be a smooth and successful transition. Ultimately our new swim school facility will allow us to help more and more Long Island children develop their swimming skills. We look forward to having you and your children swim with us again in early 2010.

Sincerely,

Long Island Swim School
